-:- ABOUT THE COLLEGE -:-

Murshidabad, a remote border district of West Bengal, India, adjacent to Bangladesh, as a whole had lagged behind in literacy and having adequate opportunities of higher education even in the post-independence days. Ironically, before the British occupation of India, Murshidabad was the capital of Nawab's kingdom comprising Bengal, Bihar and Orissa. After Nawab Sirajudullah was defeated in the Battle of Plassey in 1757 by the British, the latter established their capital in Calcutta and later shifted to Delhi, allowing once prosperous Murshidabad to deteriorate gradually. These rural regions of Murshidabad, including Beldanga, a very small town situated at the southern corner of the district, had an enormous population of economically backward and illiterate peasants and labours together with a few educated middle class people, even in half past 19th century!

It was almost 18 years since the independence of our great nation and there was not a single institution for higher education in and around the locality of Beldanga within a 20 km radius, in spite of existence of a number of schools within the jurisdiction of the region. In fact there was not a single college within a 100km stretch between Berhampore of Murshidabad & Krishnanagar of Nadia! As a consequence of which, the people of Beldanga, most of them happened to be poor peasantry class, had been deprived to enter into the arena of higher education standing upon the doorstep of struggle against starvation. As a result of such a weaker socio-economic infrastructure of the region, the locality of Beldanga ranked bottom most in the district of Murshidabad in the sphere of education.

Feeling from core of heart about the tremendous crisis of the down-trodden and poor people of Beldanga and to cope up with rapid upward trend of having higher educational opportunities of the rest of the state of West Bengal, and the country as a whole, some noble souls of the region came forward with a vision of establishing a college of undergraduate level within the locality at the beginning of the 6th decade of the last century. In the process, a noble hearted inhabitant of the locality, Late Sri Rameswar Fatepuria, a businessman by profession, came forward and first raised his kind-hand by donating about four acres of prime land of his own and Rupees fifty thousand in cash to set up a college under Calcutta University in the locality. The college was named after Sewnarayan babu (the father of Rameswar babu), and Rameswar babu himself, as Sewnarayan Rameswar Fatepuria College, with the Hon'ble District Magistrate of Murshidabad, its permanent ex-officio President. Later, Jana Kalyan Samiti, a local NGO, came forward and built the North-East block of the college, which was named as Jana Kalyan Samiti Block. After some time, another local noble inhabitant, Hazi Mohammad Mahsin Molla, of Bhabta, raised his kind-hand by building the North-West block of the college, and which was named as Mahsin Molla Block. Apart from them, many well-wishers of the locality worked round the clock for months, selflessly, to make this noble effort a success.

The honest endeavor of these pioneers, with moral and physical support of the common people of the locality, came into existence the Sewnarayan Rameswar Fatepuria College in the year 1965. It was established as an undergraduate govt aided college with the affiliation under the University of Calcutta. In the year 1999, the affiliation to the college had been shifted, as per decision of the Higher Education Dept., Govt. of West Bengal, under the University of Kalyani, Nadia, West Bengal. Since then, the institution has been running as an affiliated college under the University of Kalyani. In the year 2009, the institution established a study centre of distance learning of UG and PG courses with the affiliation under the University of Kalyani.

**-: Principal's Desk :-**

Dear Students,

Heartiest welcome from the Principal's Desk to all of you. Sewnarayan Rameswar Fatepuria College has securely made its place among the premier higher educational institutions of Murshidabad. It has been rendering its services for more than five and half decades with best level of satisfaction of students, guardians, alumnis and other stakeholders. With time,

it has taken the shape of a robust family constituting innumerable students, teachers and non-teaching employees. Each member of this family is special and progress of each member is very important for us. All are doing their parts unitedly for the betterment of the institution. The Governing Body headed by the hon'ble District Magistrate, Murshidabad is lending immense support to our activities. The donor members of the College are always taking care of all development activities. The nominees of the Government and the University of Kalyani are actively co-operating our all sorts of endeavours. Teachers and non- teaching employees of the College are doing their duties incessantly. Students, the most valuable stakeholders, are encouraging us to do better. They are co-operative, timid, gentle, keen for learning and hard working. Smooth running of the College and providing service with excellence cannot be possible without the combined efforts of all concerned towards the common goal of the College. The secret is nothing but showing positive attitude and doing right things by each and every member of the S. R. Fatepuria College family. Success of the College which is currently noticed before all is inevitably obtained by the united and unidirectional efforts of all the stakeholders. It is to be maintained. As the Principal of the College my first and foremost duty is to ensure that this familial relationship stays in tact and promote belongingness within the institution amongst them. Talents and competencies within them are to be extracted in such a manner that many more success stories are composed. Qualitative development is to be focused in every corner of the College. Success has no limit. We have to plan a brighter roadmap for the days to come keeping feet on the ground of reality.

As we all know that the Covid-19 pandemic has struck very hard to the education sector and we have moulded us accordingly. Now, we are familiar with online classes, meetings in Google meet, examinations in blended mode, webinars etc. There are several deficiencies on our teachers' part and also on the parts of our students to reach and interact with one another properly. At this juncture, what we can do is to build appropriate technical set up and to remain focused to do better. Also, we all should stay positive and HOPE that this crisis wears off at a greater pace and we get back our normal Life and Work.

With best wishes,

**DR. SUHAS ROY
PRINCIPAL**
